

Maintenance Engineer

Background- Warren Services Ltd is an established and highly successful Engineering Manufacturing business based in Thetford, Norfolk. We have a permanent opportunity for a high calibre candidate to join the maintenance team. This is an excellent opportunity to join a rapidly growing and progressive organisation at an exciting time. Warren Services are looking for mechanically trained Maintenance Engineer to work in our two Engineering facilities in Thetford. You will have some formal mechanical training but more importantly you will be hard working, reliable and willing to learn. This is a great career opportunity for the right person.

Main Duties/Responsibilities

Assist the Automation and Facilities Manager in routine maintenance and attending to breakdowns of plant and machinery at both Thetford sites.

This will include:

- Ensuring the planned maintenance of machinery and infrastructure is carried out. There is a wide range of machine shop equipment (full training will be given on the machinery)
- Attending to repairs of the machinery as required
- Installation of new machinery
- Ensuring all legislative systems are maintained – Lights, alarms, machine safety systems.
- Provide general building maintenance support as required
- Provide production support if required
- Look for, raise and deploy opportunities for continuous improvement

Additional Duties

Undertake any other reasonable management request

To attend staff meetings when requested

Work flexibly where possible to support the business when needed

Attend training requested by the company which is linked to the development of your job role

Ensure waste is kept to a minimum to benefit both the company and the environment

Ensure your working area is kept tidy at all times and general housekeeping maintained to assist with H&S procedures

Legal Duties

Attend any Health and Safety training when required

Ensure full compliance with all areas of Health and Safety as per company Health and Safety policy

Ensure full compliance with health and safety personal protective equipment including work boots, safety glasses, ear plugs, overalls as required by legislation and set out in company health and safety procedures

Salary-depends on experience and qualifications.

Hours of work-6.00am-2.30pm Monday to Friday with a 15 minute paid tea break and a 30 minute un-paid rest break

Benefits-28 day's holiday (some must be taken at the Christmas shutdown)

Company Pension Scheme (eligible after a qualifying period)

Sick pay (eligible after a qualifying period)

Accident/Life Insurance (eligible after a qualifying period)

This job description is designed to help you in the understanding of your role and is not intended to be a definitive list of your duties as flexibility in meeting company needs is required by all employees
